Rc.150-SE4/50 dated 31/3/51.

Sub:- Visual Education- repayment of loans raised towards the purchase of equipment.

In enclosing herewith a copy of letter No.121-E/51 dated 12/2/51 from the Head Master and the correspondent, Wardlaw High School, Bellary, I should like to state as follows:-

3. According to rule 4B of the rules relating to the administration of visual Education Fund not more than 25% of the proceeds of the visual education Fees collected from pupils should be earmarked for repayment of loans raised by managements of schools towards the purchase of equipment. In big institutions having good strength it is possible to repay the loans raised by the managements in this behalf within a reasonable time. But in the case of small Institutions where the annual visual education fee collections range from Rs.700/- to Rs.800/- it will take a long time for the repayment of loans raised.

The Head Master Wardlaw High School, Bellary states that it will take more than a decade and a half to clear the loan of Rs. 3300/- advanced towards the purchase of a Bell and Howell projector. He therefore requests that permission may be granted to utilise the balance left over at the end of each year to repay the loan so that even after meeting the charges for the hiring of films he might clear the loan within 5 years. He also promises to arrange for the prescribed number of film shows.

In the circumstances stated above I request that Government may be pleased to permit the Head Master Wardlaw High School, Bellary to divert the annual balance towards the repayment of the loan subject to the condition that the prescribed number of shows are arranged for without reduction, and the fact reported to the District Educational Officer concerned before utilising the amount for repayment of loan.

Yours faithfully,

For Director of Public Instruction

T.M. 2/4/

Copy of letter from the Headmaster & Correspondent Wardlaw High School to the Director of Public Instruction, Madras through the District Educational Office-r, Bellary. Dated 12-2-51.

Ref:- R.C.No.150-894/50 dated 16/11/'50.
Sub:- Visual Education-Rules relating to the administration of Visual Education Fund Etc.,

---

Sir,

This High School purchased a "Bell and Howell" 16 mm. Sound projector from the "Radio Electricals" limited, Madras for Rs.3300/- on the following terms in Dec.1950.

a) That half the cost i.e. Rs.1650 be paid at the time of taking charge of the machine and
b) that the balance to be repaid within one year from the date of purchase either in instalments or in a lump sum.

The Management loaned this amount on the understanding that the repayments would be made from the Visual Education fee collections.

Visual Education - Wardlaw High School, Bellary - Repayment of loan raised towards purchase of Equipment - Orders passed.

ppl-2 cf

From the Director of Public Instruction,
RC. No. 150. S.E. 415n dated 31.3.51.

Memo. No. 13093-B/51-1 Edn dt 19.5.51

In the circumstances stated, the Government permit, as a special case, the management of the Wardlaw High School, Bellary, to ~~utilise~~ divert each year the portion of the visual education fee collections remaining unutilised, towards the repayment of the loan raised by the management for the purchase of the Sound projector

P.T.O.

for the school, subject to the condition that the prescribed number of shows are arranged for without any reduction the fact that films have been exhibited in accordance with Government orders should be reported to the D.E.O., Bellary, before any portion of the proceeds is utilised for the repayment of it

VISUAL EDUCATION - Purchase of equipment for schools - Repayment of loans raised - Diversion of fee concessions.

From the D.P.I., Rc.No. 150-S.E.4/50 dated 31-3-51.

The D.P.I. raised the question of diversion of fees collected for Visual Edn. from pupils towards the repayment of the loan raised by the managements of the schools for purchase of Audio-visual equipment for schools. From the case in question reported upon it will be seen that a major portion of the fee collections are to be utilised for the repayment of the loan while only a small portion will be spent for distribution of films to students. Such a procedure may not be strict be in accord with the general instructions in G.O. No. 659 Edn., dated 20-3-51. Under the G.O. only 25 per cent or 50 per cent of the fee collections may be diverted for the purchase of equipment for audio-visual education ~~for the purchase of equipment only in the case of schools with no equipment at all~~. It is not clear whether institutions which have purchased equipment by raising loans can be considered to be in possession of the equipment and allowed to divert only 25 per cent of the proceeds of the fee collections towards the discharge of the loan. Inas much as the loan raised by the management for the purchase of equipment has not been completely repaid, the management may be deemed to be not in possession of the equipment at all and it may be permitted to divert 50 per cent of the visual education fee collections towards the repayment of the loan. For orders

2. So far as the Wardlaw High School, Bellary is concerned the management has raised the loan even before the issue of general orders. As general orders took effect only from the school year 1951-52 the proposal of the management to utilise a portion visual education fees towards the repayment of

loans raised by it may be accepted, subject to the condition that the management arranges for the prescribed number of shows for the school.

The permission may be granted
